

Career Steps Coaching Presents

One Page Biz Plan Workshop

Facilitator: Susan Urquhart-Brown, Business Coach

Tuesday, December 1, 2009, 6 - 9pm, \$95

Susan's office: 54 A Glen Ave., off Piedmont Ave., Oakland

Get Your Business on Track for 2009!

Would you get in your car without GPS or a map to your destination?

This workshop will provide you with your GPS to achieve your goals for your business.

In just 3 hours, you will:

- Walk out with a concrete vision of your business for the next 3 years
- Specific goals for one year that will move your business toward your vision
- Strategies to achieve your goals
- Action plans or projects with a timeline

Yes, this can be done on One Page. Make the complex simple.

This is a business plan that is dynamic and worked with daily. Also, your employees can be on the same page with you.

There is magic in getting your ideas out of your head and onto paper.

Written goals get done faster.

Written goals that are shared with others who help keep you accountable get done even faster.

Invite a colleague to join you at this interactive, fast paced, and fun workshop!
